

# 2016 Undergraduate Research Lecture Richard P. Stanley (M.I.T.)

*Richard P. Stanley is the Norman Levinson Professor of Applied Mathematics at M.I.T. Among his many awards is the George Pólya Prize in Applied Combinatorics in 1975 from the Society of Industrial and Applied Mathematics and the Leroy P. Steele Prize for mathematical exposition in 2001 from the American Mathematical Society. He is a fellow of the American Academy of Arts & Sciences and a member of the National Academy of Sciences. He has served as thesis advisor to more than 58 doctoral students.*

## **Plane Tilings**

**Monday, March 7<sup>th</sup>**

**Reception: 5:30- 6:00**

**Lecture: 6:00-7:00**

**Discussion: 7:00-7:30**

*(All undergraduates are welcome to attend)*

**Blocker 220**

**The Mathematics Undergraduate Research Lecture Series is intended as a venue for undergraduate students to interact with a leading researcher from outside Texas A&M who has also demonstrated a deep interest in mentoring students. Professor Stanley is the inaugural speaker in the series.**
