

Taught by A&M Faculty & Receive A&M Credits

What is a faculty-led program?

A faculty-led program is a study abroad opportunity for those students who want a short-term program over a short semester (Wintermester, Maymester, Summer I, or Summer II) led by Texas A&M faculty with other Aggie students. These programs are typically 2-10 weeks long, and offer at least 6 hours of credit through Texas A&M.

Programs Available (Summer 2024) By Country
